

SFS intec Fastener Color Selection

Fibersin recommends 300 series austenitic stainless steel cladding fasteners by SFS intec when installing Stonewood Architectural Panels for exterior rainscreen applications.

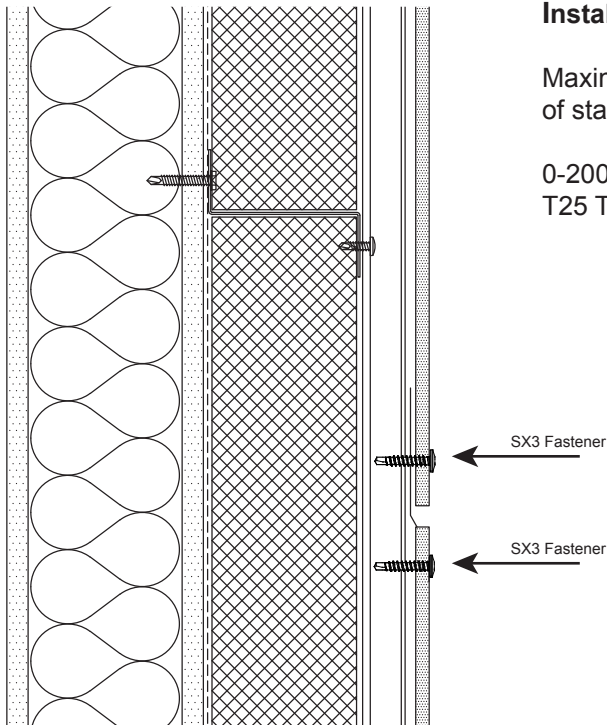

300 series austenitic stainless steel cladding fasteners are specifically designed to be corrosion resistant and are available with plain finish and in colors matched to Stonewood Architectural Panels.

Application

SX3 TORX® Fastener

SFS intec Part #:	1271253
Code:	SX3/15-D12-5,5X30
Description:	12-11 x 1-3/16"
Head Style:	T25 TORX® Pan Head
Diameter:	Nominal #12
Drill Capacity:	.060"-.118"
Max. Material Attachment:	.590"

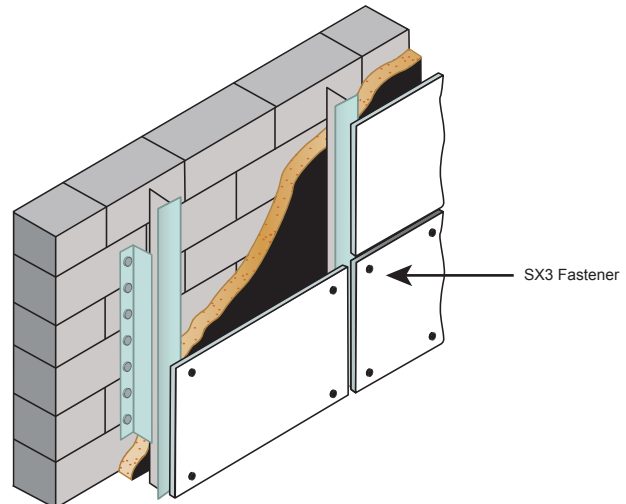

SX3 TORX® is an austenitic stainless steel fastener with a bi-metal welded carbon steel point.

Installation:

Maximum material attachment (.590") is from underside of head to end of stainless steel thread.

0-2000 rpm screw gun equipped with depth sensing nosepiece.
T25 TORX® drive bit required for SX3 TORX.
