

Stonewood Interior Panels are easy to clean and provide durable, attractive interior wall protection.

57 Xanadu Stonewood Architectural Interior Panels were installed in the high traffic entry area at Resolution Plaza.

Project Details

Stonewood Architectural Panels were specifically chosen for this project due to their unique customizability. Able to be produced in custom colors, shapes, and sizes, Stonewood Panels are Made in the USA, allowing for the finished product to reach Alaska within 4-6 weeks.
