

The building exterior features White Sand, Rustic Slate, and Zanzibar Stonewood Panels installed with color match screws.

Project Details

Made of durable phenolic materials, Stonewood Architectural Panels are weather-resistant to withstand long Alaskan winters. All panels are Made in the USA, ensuring a three-week production lead time designed to save time and money on the construction site. The Wellness Center offers a host of services, including: medical, dental, behavioral health, chemical dependency, physical therapy, pharmacy, and traditional healing.

Dena'ina Wellness Center installed 417 Stonewood Exterior Architectural Panels.
