FIBERESIN EXTERIOR FASTENER

INSULATED HORIZONTAL JOINT
Mineral wool or other code compliant insulation is not offered by Fiberesin.

Stainless steel fasteners are used for insulation and sheathing. See EF 04/DET for details.

Stonewood panel is also used in the construction.

The diagram illustrates the sheathing and WRB detailing not offered by Fiberesin.

Mineral wool or other code compliant insulation is indicated.

Stainless steel fasteners are shown in the diagram.
